

On your private island paradise, you have several choices of tropical accommodations:

- Relax in the individual and duplex **cottages** sprinkled across the property, tucked amongst the trees and with shaded porches to watch the sun rise and set.
- Try the birds-eye view **rooms** atop the main lodge with a spectacular view of the reef crest in the east, or the cool, cozy rooms in the Brown Booby tucked in the trees also on the east side facing the reef crest – each with private bath and shower and verandas on east and west side.
