

Since the 1980's, Marie Sharp has become famous both at home and abroad for her mouth-watering sauces, jams, and jellies made from recipes which evolved while experimenting with fresh Habanero peppers, vegetables, and fruits from her farm. Overwhelmed with positive feedback and encouragement from neighbors and friends, she developed a small but thriving factory on the family farm on the Melinda Road just outside of Dangriga.

From its start in a small kitchen, Marie Sharp's family-owned business has taken great pride and honor in producing products with the highest quality, living up to their slogan, "Proud Products of Belize." These include:
